

## Solutions for Every application

- Petrochemical
- Oil & gas
- Water treatment
- Power generation
- Food and beverage
- Transport
- Life science
- Body in white applications
- Wood machinery
- Packaging
- Assembly & robotics
- Machine tools
- Marble & glass
- Plastic & rubber
- Ceramics
- Garage equipment

## A Comprehensive product range

Pneumax offer the latest technology, from pneumatic automation to electric actuation and fluid control, providing an optimized solution for most applications

### Industrial Automation

Valves & solenoid valves, proportional, pneumatic & electric actuators, air treatment, fittings, vacuum technology

### Process Automation

Aluminium and stainless steel, valves & solenoid valves, air treatment, boosters

### Automotive

Clamping units, pivot units, NC locators, PIN packages, grippers

### Electric Actuation

Electric cylinders, linear units screw & belt type

### Valves

Valves, solenoid valves, manifolds, fluid control

### Fittings & Air Preparation

Brass, stainless steel, technopolymer

## Total Quality Management Systems

Manufactured to ISO9001 Total quality management systems ensuring certified quality of production processes and products. Certified conformity to various international certification standards; ISO14001, CE, ATEX, SIL/IEC61508, UL, FCM-MOCA, OHSAS 18001

We have your pneumatics needs covered

**MADE IN ITALY SINCE 1976**

## Exclusive Australian Distributor

Air Automation Group Pty Ltd proudly represent  
Pneumax in Australia.

We choose suppliers that place the same level  
of importance on their people, partnerships, and  
developing market leading products through  
continuous innovation.

## What We Offer

A powerhouse of industry leading  
brands delivering world class solutions  
in pneumatics, industrial vacuum solids  
pumps and air filtration solutions.

We design and manufacture in-house global  
leading 'SupaVac' solids pumps and our own  
'Airmation' pneumatics range.

We are the exclusive Australian & NZ  
distributor of industrial and commercial  
filtration solutions; 'Smoghog, Dusthog &  
Smokeeter' brands.

Our team strive for excellence, focused on  
delivering the right solution for your  
application with high quality products and  
ongoing support.
